Democratic Convention.

The Democratic Legislative convention held at Irvine last Tuesday adjourned to meet in this city last Saturday. At the appointed hour the convention was called to order. Luther Lovins was made chairman and C. Shimmfessel secretary. John D. Atkinson and Elder A. Easter made speeches before the convention and were warmly cheered.

The names of G. W. Lyle, Jr., G. M. Derickson and A. Easter were placed before the convention as Legislative timber. After two ballots were taken Lyle was nominated. Thus he will be under the rooster this fall.

G. W. Lyle, Jr. is the youngest son of G. W. Lyle, deceased. He is well known in both Estill and Powell counties and will make a good race.

Progressives Meet.

Two hundred Progressive Republicans met in their first national convention in Chicago Monday and indorsed Robt. M. La Follette, of Wisconsin, for President. The indorsement came in the shape of resolutions framed in part by former Secretary of the Interior, James R. Garfield who it was said expressed the views of ex-President Roosevelt.

C. Shimmfessel, one of Clay City's leading merchants, has received a new line of beautiful millinery to which he invites the attention of our lady readers. In his advertisement this week he is also offering a lot of hats and shoes at first cost. Call at his store and see these goods.

A Hickman county farmer cut 1,000 tons of alfalfa hay from a 100 acre field. The estimated value of this crop is 17,000.

Investigation of Police Judges.

Gov. Willson has ordered an investigation of every Police Judge's office in the State. He says he has been advised that many of these officials have been suspending the jail sentence upon the payment of cash fine for carrying concealed deadly weapons, a thing which they have no legal right to do.

In the interest of Arbor and Bird Day, Oct. 27, the State Department of Education has issued a splendid and beautifully illustrated book bearing on the preservation of certain kinds of birds and the perpetuation of our forests and shade trees with an extension of the latter.

It is so the world over, says an exchange. In a certain North Carolina town the grandson of the president of a large bank rides down every morning to the bank in a handsome automobile. He is a clerk of the lowest. His grandfather rides down in a street car. He owns the bank.

More than 7,000 Kentucky boys were engaged in the corn-growing contests which will be brought to an end with the close of October. Several crops of more than 100 bushels to the acre are reported.

There will be a box supper at the school house Saturday night, Oct. 21st, for benefit of school. Every body invited and every young lady invited to bring a box with them.

The Masonic Grand Lodge is in session at Louisville this week. Thos. Edge and J. G. Rogers are attending from this city.

Hon. G. T. Smith, Democratic candidate for State Senator, will speak at Stanton Saturday afternoon at one o'clock.

CALL FOR GREATER KENTUCKY CONVENTION

To be Held in Louisville, November 14-15.

So many questions of vital importance to the future of Kentucky are pressing upon the people of the State for discussion and wise solution that it seems important again to call together in conference representative men from all parts of the State to conditions and desired reforms and feasible methods of advancing the prosperity of the State. Such conferences heretofore held have resulted in great good, developing a better understanding of the needs of the State and a closer co-operation among its progressive citizens, and promoting a clearer understanding of what can be done and how best to do it.

In this spirit such a State conference is called by the two State-wide organizations which we represent, to be held in Louisville Tuesday and Wednesday, November 14 and 15. The subjects to be discussed will cover the field of Kentucky's needs. It is desired to have in attendance the live, public-spirited men of every county and city.

At our request, the Louisville Convention and Publicity League will make all arrangements for the entertainment of the convention.

We are asking all County Judges, Mayors of cities and commercial and agricultural organizations to appoint a number of delegates, not less than five each, whose interest can be counted on, and whose advice will be valuable.

Geo. H. Cox, Owensboro, President Federation of Commercial Clubs.

J. W. Porter, Lexington, President State Development Association.

Judge O'Rear, in a speech at Covington said that he was not in favor of State wide prohibition. He declared he did not believe Kentucky is prepared from a business standpoint or sentiment to go further than local option.

Thos. Shimmfessel who went to Texas a few weeks ago, has gone from there to Phoenix, Arizona, where he was located last year. Tom is a splendid young man who has the best wishes of numerous friends in Clay City and Powell county.

Mrs. Albert Burgher returned last Thursday from the Good Samaritan Hospital at Lexington and has since been getting along well and will soon be well again.

Elder J. D. Hunter, State Council Chaplain, of the Jr. O. U. A. M. will deliver a public address at the Hall of the order in this city tonight. Both men and women are invited to be present.

Dr. Dickson, dentist, will be in Clay City at Red River Hotel October 23 to 26th for the practice of his profession.

Clark Mize from Quicksand, was here the first of the week to visit relatives.

A Huge Rattlesnake.

The following news item is taken from a Phoenix, Ariz. paper of Oct. 12th, 1911: "All rattlesnake records have been smashed to smithereens. Joseph Sponsel, who lives at the saw mill on the White Mountain Indian reservation, recently killed a snake with 103 rattles, which was as big around as his leg above the knee. Sponsel heard the snake rattling three-quarters of a mile away from his house and followed the noise until he discovered its source."

Universal Thanksgiving.

There will be fifty-three Sundays in 1911. It is said this will not happen again in 109 years. It has been suggested that all religious denominations of the United States, or the world, for that matter, celebrate the fifty-third Sunday, which falls on December 31st, the last day of the year, as a universal day of Thanksgiving.

Committee Appointed.

Gov. Willson has named a committee of citizens from all parts of the State to represent it in connection with the dedication of the Lincoln memorial at Hodgenville November 9. H. G. Garrett, of Winchester, and J. C. Mayo, of Paintsville are delegates from this Congressional district.

"Fit for the Fray"

Themselves, do not run away when washed. A look through will convince you. Mrs. J. W. Williams, Clay City, Ky.

Pioneer Papers.

The first newspaper ever published in Powell county was the Powell County Journal published by Chas. F. Knowlton at Stanton. It was established March 6, 1886 and weathered the storms of adversity after adversity until September of the same year when the editor moved the paper to Osborne, Kas. Since that date there has been published respectively the following papers in the county: The Stanton Monitor, Clay City Chronicle, Powell County News, Clay City Times and Stanton Citizen. The last two papers are still alive. Irvine had its first paper, the Irvine Advertiser in 1873. Winchester had a paper, the Winchester Advertiser as early as 1814. In 1831 the paper suspended and the Clark county capital was without a paper a paper until 1853.

Hardwick & Co. leading Stanton merchants have received their new fall goods and in this issue through their ad. in this paper invite an inspection of these goods. When in Stanton be sure and call on Hardwick & Co.

T. C. Hall our present Sheriff and the Republican nominee for re-election is a good officer, and his party has acted wisely in nominating him for the place if they want to make the best possible showing at the polls in November. The Times however believes that it is an empty honor for this sole reason: Powell county is a Democratic county, and the county has never gone any other way except when the Democrats put up objectional candidates. A. P. Johnson the Democratic nominee for Sheriff is a man worthy of confidence, and is possessed of real merit and worth. He is liked by every Democrat in the county and by many Republicans who will vote for him. He is the right man in the right place and at the right time. He has been tried and always did his duty. We have never heard of a Democrat that will not support him. Then why will he not win? There are more Democrats in Powell county than

there are Republicans and this is why we claim he will be elected.

Beckham on O'Rear's Double Hand.
In a speech at Glasgow ex-Governor Beckham speaking of O'Rear's double dealing said "What a spectacle! How marvelous his quick transformation! Who could recognize as the same man the Republican nominee, thundering his partisanship to his followers in the neighborhood of the Big Sandy, and a few days thereafter pleading his Democracy to the tillers of the soil near the Mississippi?"

"He and his supporters bitterly complain that Democratic leaders of other States have been brought into Kentucky in this campaign to discuss national issues. Why not? Has it not been done in every State campaign in recent years by his own party as well as the Democratic party? Has not his party brought into the State Roosevelt, Fairbanks, Cabinet officers, Senators and other Republicans of national prominence to help it in every State campaign except this one? And why not now?"

"Simply because the Judge, smart and adroit as he is, knows that if he brought here any of the staidpat leaders, like Taft, Cannon, Aldrich or Payne, it would hurt his ticket, and the progressive Republican leaders, like La Follette or Cummins, who might help it, would not think of coming here to speak for a ticket that indorsed the administration of Taft and the course of Senator Bradley.

When O'Rear was nominated by the Republicans for Governor he was one of the strongest men in the State against whiskey. He seems to be undergoing quite a change of late. A few days ago, he sought the aid of a whiskey man to raise money for campaign expenses, and in a speech at Covington Tuesday he declared himself against State-wide prohibition. It begins now to look like

the Judge is coming sooner or later to almost a straight-out whiskey man if necessary to be made Governor.

Justice John M. Hurlan was 78 years old and Joe Cannon is ten years older than McCreary. Republicans say McCreary is too old to run for Governor. They fail to say anything about the first two named gentlemen. But they are Republicans, and they are always good ten years longer than Democrats.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. The Myers Patent Mop Wringer

This Mop Wringer is the only machine ever invented that will wring and clean a mop thoroughly. It not only takes out the dirt and leaves the mop clean, but it wrings it so dry that there is hardly any moisture left in the mop. The floor is never left wet. Also, as you are always using a clean mop, the machine is a very valuable and frequent use. It is a labor saver, as one person will do the work that heretofore has been done by three with any other device known. The mop is on the platform and is not attached to the machine and can be moved at any time. It is always ready for use and there are no parts to get out of order. A trial of our machine will convince you that its work is perfect. We have yet to find a dissatisfied customer.

If your dealer does not handle this Mop Wringer, write direct to us.

Averts Awful Tragedy.

Timely advice given Mrs. C. W. Loughby, of Marengo, Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by Swann-Day Lumber Co.

The life of an editor is not all roses. If he pleases one faction he displeases the other. He is accused of saying too much about someone and too little about another. If he suggests a remedy for any social evil a large part of the community is prone in its expressions of disapproval. So he taxes his weary brain to escape the shoals that mean shipwreck to so many editors.

What is Your Family Worth?

If your family is worth the best you can afford in house and food and clothes, is it not worth the best reading as well? And the best reading—best for boys and girls, best for men and women—is to be found in The Youth's Companion.

Of stories alone The Companion

will point nearly 400 in 1912. We are the best of the paper thrown in, and counting the glorious long serial stories, they cost the subscriber less than a cent a piece. Moreover, you will find some varied and interesting—stories—stories in the face of peril, strange adventures with creatures of the forest and the sea, moving stories of life's obscure heroisms, stories breezy with good-natured humor, quaint and curious character sketches.

Now is the time to subscribe, for you will receive free from the time your \$1.75 is received all the issues for the remaining weeks of 1911, containing the opening chapters of Ralph D. Paine's great serial story of the Boxer rebellion, "The Cross and the Dragon,"

and there is the gift of The Companion Calendar for 1912. "On the New England Coast," lithographed in ten colors and gold. Only \$1.75 now for the 52 weekly issues, but on January 1, 1912, the subscription price will be advanced to \$2.00.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE The CARDUI Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

CYRUS L. ADLER The Piano and Organ Maker

I'll Trust You

The Nightingale of Organs

MIDDLEMEN WIPED AWAY

I've busted the hot air bubble of the dealers, agents and middlemen of this country by selling direct to the homes at the same price they formerly paid me for my organs.

SEND ME YOUR NAME

whether you want to buy or not and I'll send you free of charge and postpaid the most wonderful organ book and buying plans you ever saw. All the organ men in this country claim they make the best organ but do not give you any proof. I do, and here is the proof. I own my own timber lands, saw mills, dry kilns and factory. I do not have to pay one penny of profit for lumber or milling. The profits that other manufacturers pay to lumber and saw mills, I put into my Adler Organs. (The Nightingale of Organs). That's the reason my organ is better than any other make. Another Proof: I guarantee my organs for 50 years, whereas others guarantee theirs for 10 to 12 years. Don't this mean something? My selling plans are the fairest, simplest, safest and easiest ever placed before the American public, in that I grant my customers all the time they want, arrange their payments as it suits their income and circumstances, give them reasonable extensions of time if they can't meet their payments and charges, and none of your neighbors who don't wish to be about this. That's the best proof you can get. I would just as soon give you \$1,000 in gold if you can duplicate this proposition.

MY ORGAN (THE NIGHTINGALE OF ORGANS)

has a tone nearest to the human voice, a pure singing tone that lasts a life time and it won the highest prize at the St. Louis World's Fair, another proof my organs are the best. Everybody is buying an organ these days and everybody is buying an Adler on account of its high quality, wearing qualities, style and reputation. I am selling them for less than dealers and agents are selling cheaper grade organs and when you stop to think and realize that when you buy from one of these middlemen you must pay his profit, time, salesman's salaries, store rents and other expenses, my offer means a whole lot and stands before you as the king of money savers. My world's greatest organ factory is working day and night, grinding out the organs ordered, and this condition was brought about by the fair and liberal treatment I handed out to my customers, now numbering over 75,000. Whenever I sell an Adler, it sells a dozen more and so on indefinitely. They've stood the test and always will. Quality always wins out.

75,000 ADLER OWNERS SAVED \$2,625,000

Before I sold direct to the homes at wholesale factory prices, as I am doing now exclusively, I used to sell to dealers only, but when I found out that they sold my organs for twice and three times as much as they paid me, making the poor people bleed for it, I was thunderstruck and quit. I sent out thousands of notices telling them they couldn't buy another organ from me, that I meant to sell direct to the homes, saving them the enormous, unreasonable profits and expenses they were charging them. This came to them as a thunderbolt from a clear sky. In round numbers I've saved my customers (over 75,000 of them) at least \$2,625,000, all of which would have gone to the dealers had I sold the organs through them. You surely appreciate what this means.

NOW MY PROPOSITION TO YOU

is simply this, I will ship you, on 30 days free trial, any organ you want, on any reasonable terms you may suggest, just as it suits your income and circumstances. If you keep it at the end of the trial period, which I know you will, you can pay all cash or a small sum down and the balance monthly, quarterly, semi-annually or any other reasonable way. If at any time you can't meet a payment when it's due, I'll gladly give you a reasonable extension of time. You shall not inconvenience yourself by buying an Adler, for I'm going to make it the easiest purchase you ever made. I'll charge you no interest as other organ men are doing. If you don't keep my organ because it's not as represented, you can ship it back at my expense and I'll pay you every cent you paid for freight, so you will lose absolutely nothing. Furthermore, if at any time within a year, my organ does not hold up to every claim I made, you can ship it back at my expense and I'll return to you every dollar of the purchase price with 8 per cent interest and all freight paid. I can agree to do this because I know how my organs are made and positively know they always make good.

50 YEAR GUARANTEE

I guarantee all my organs for 50 years, something no other organ men will do. My guarantee bond is the strongest ever written and if you will ask your banker or any of my local banks or the editor of this paper as to my reliability, you will be told that I am as sound as a rock, that you can safely enter into any transaction with me and that all of my dealings are on the square.
